

# ***SIT- Society, Innovation, Technology***

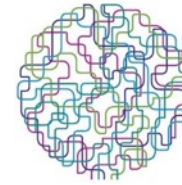

***Andrej Grebenc***

***andrej.grebenc@sit1.eu***

**This presentation is for**

- Workshop 1** Big Data
- Workshop 3** Photonics and Micro-and-Nanoelectronics
- Workshop 2** Robotics
- Workshop 4** internet of Things

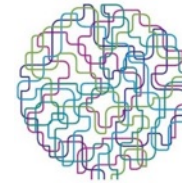

# Description of the Organization

**ICTURKEY**  
ISTANBUL 2016

- **CONSULTANCY, CONSORTIA CREATION, PROPOSAL WRITING AND TRAINING FOR EU FINANCED PROJECTS (H2020, COSME..)**
- **Who we are**
- SIT - Society, innovation, technology is Brussels based consultancy focused on **EU financed projects**.
- Staff consists of excellent researchers and ex. European institution officials who have long experience working in EU institutions.
- **What we do**
- SIT is focused to specific needs of clients. This needs have been detected during many years of work on EU work programs, project calls, proposals, negotiations and project financing, monitoring and execution.
- We organize consortia in science and technology fields, combined as well with social science and humanitie. We assist clients who submit proposals, negotiate them and execute EU financed projects.
- **Activities before proposal writing**
- Providing tailored information before calls are published
- Identifying adequate EU calls for topics
- Developing breaking project ideas with grant winning features going beyond the state-of-the-art
- Creating competent, balanced and complementary consortia of high qualified partners
- Plan timely activities for proposal preparation
- Training of clients how to create consortia and how to write proposals
- Assessing project ideas of already established consortia

- Preparation of consortium agreements with consortium partners
- Administrative, financial and organisational activities in the project
- Research in some focused areas

# Description of the your research interest

- Our team exists of researchers and consultants
- Key consultants hyve experience working at the European Commission as ex. team leaders and project officers on FP7 and H2020
- We have monitored/lead around 35 projects
- We have read/assisted/advised around 700 projects

**Please add relevant 2017 CALL TOPIC ....**  
**Please add TITLE of the PROJECT IDEA ....**

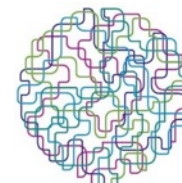

**ICTURKEY**  
ISTANBUL 2016

- Objectives:
  - Big data on electronic health record- method on processing, standardization and data protection
  - Robotics- symbiosis of humans and robots in industrial environment
- Expected results
  - Big data on electronic health record- demonstration that developed method on processing, standardization and data protection works effectively on large datasets
  - Robotics- demonstration that symbiosis of humans and robots in industrial environment is possible and it is safe

# Consortium - profile of known partners

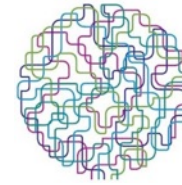

*(confidential)*

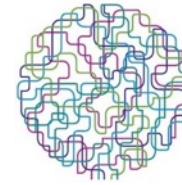

**ICTURKEY**  
ISTANBUL 2016

No	Partner Name	Type	Country	Role in the Project
01	EU university	RTD		research in human-robot coordination
02	EU market research organisation	SME		dissemination and exploitation
03	European-Japanese industry	IND		robot manufacturer
04	EU university	RTD		Electronic health record research
05	EU SW developer and vendor	IND		Health SW development
06	EU market research organisation	SME		dissemination and exploitation

# Consortium - required partners

No	Expertise	Type	Country	Role in the project
01	legal research	RTD		WP leader in electronic health record
02	big data research university	RTD		partner
03		IND		
04	legal research in insurance/ indemnity			WP leader in legal robotics
05	robotics research	RTD		partner
06				
07				
08
