# BEFORE THE PROPOSAL

---

HR principles (incl. Training and education)

Product related (incl. Different thematic areas)

Content and  
topic of the  
project

Manufacturing

Social responsibility  
(Gender, environment, equality,  
work environment, Immigration, etc )

IT systems

---

## Suggestions

*Not only related with the technical developments...*

***ANY TOPIC FUTURE WORLD NEEDS...***

***DREAM your ideal world and define steps...***

# BEFORE THE PROPOSAL

---

Be patient to get people  
on-board

See each department as customer

**Know your  
company**

Identify every single pain point

DREAM big

Tea Talks with people

# BEFORE THE PROPOSAL

---

Forming the consortium

Finding the consortium

Be Open to collaboration

Ask Tubitak NCPs

Foreign partners

Search Previous winners

Turkish partners

**Winning  
consortium**

Join the 'Clubs' & be active

Agree on the **best**  
'Coordinator'

Search succesful partners  
(even with no previous H2020 experience)

---

# GRANT / CONSORTIUM AGREEMENT

---

LEAR = Prioritized job

PLSign is not on signatory circular

**Administrative**

Consortium Agreement approach:  
R&D vs Commercial Project

Checklist type  
Communication document  
with Legal Service

---

# DURING THE PROJECT

---

Networking with partners for other calls

**General**

PM efforts: take under record

45 hours/week in Tr /  
standart 1720 hour

Definitely host a consortium  
meeting in Turkey

---

# THANK YOU FOR LISTENING

---

**Emrah Kinav**
