# HORIZON EUROPE

THE EU RESEARCH &  
INNOVATION PROGRAMME  
2021 - 2027

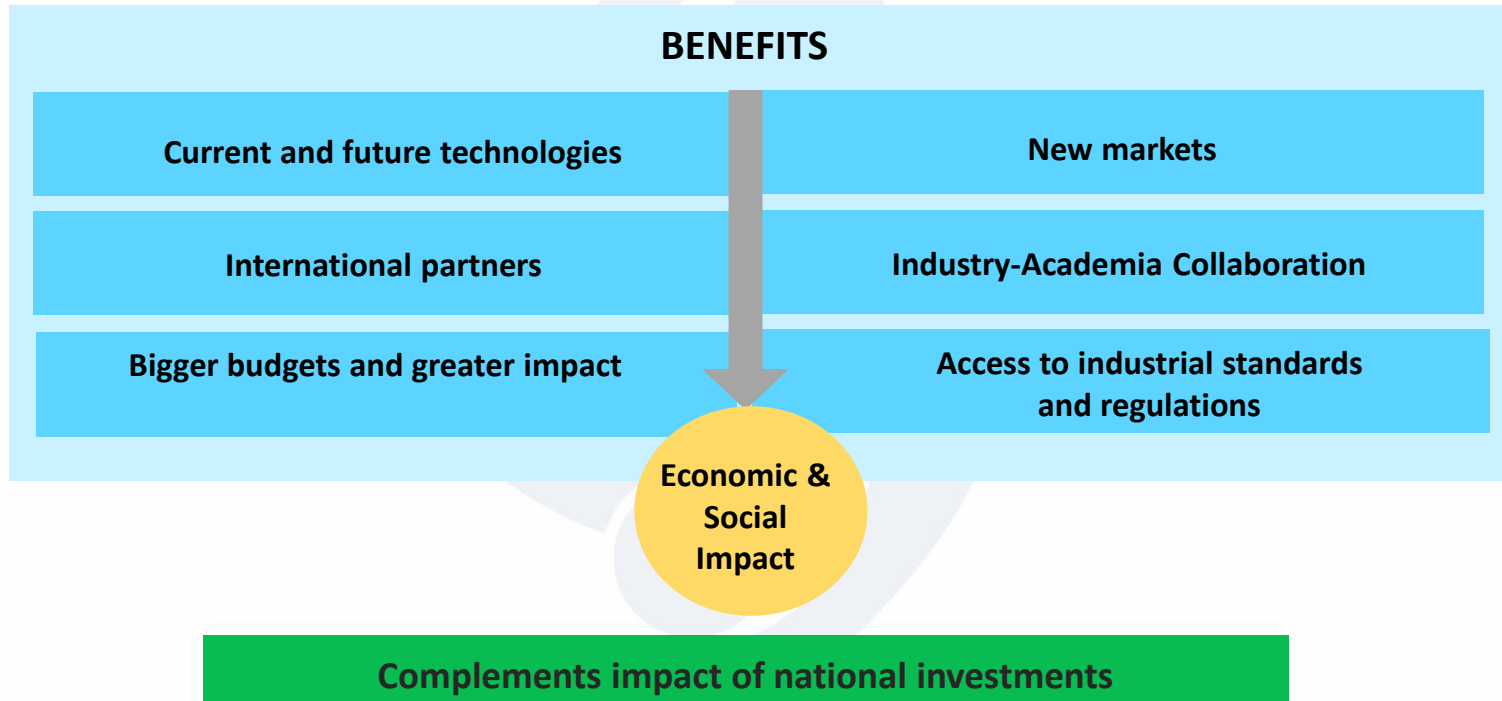

**#HorizonEU**  **EUROPEAN UNION**

# Key Project Objectives for Turkey

- Support Turkish participation in Horizon Europe
- Strengthen capacity in Science, Technology and Innovation
- Help Turkish Researchers into European Research Area by increasing Horizon Europe participation
- Provide range of activities to support businesses – particularly SMEs

Web site: <http://www.turkeyinh2020.eu/>

# Why Participate in Horizon Europe?

# ...and of course the EC financial support!

# Horizon Europe innovation support...

# Mainly aimed at SMEs...

**1 to 250**

**Up to €50m turnover**

# SMEs are vital to Turkish economy

**92% of Enterprises**  
**78% of Employment**  
**53% of GDP**

# Accelerator...

# ...what is its purpose?

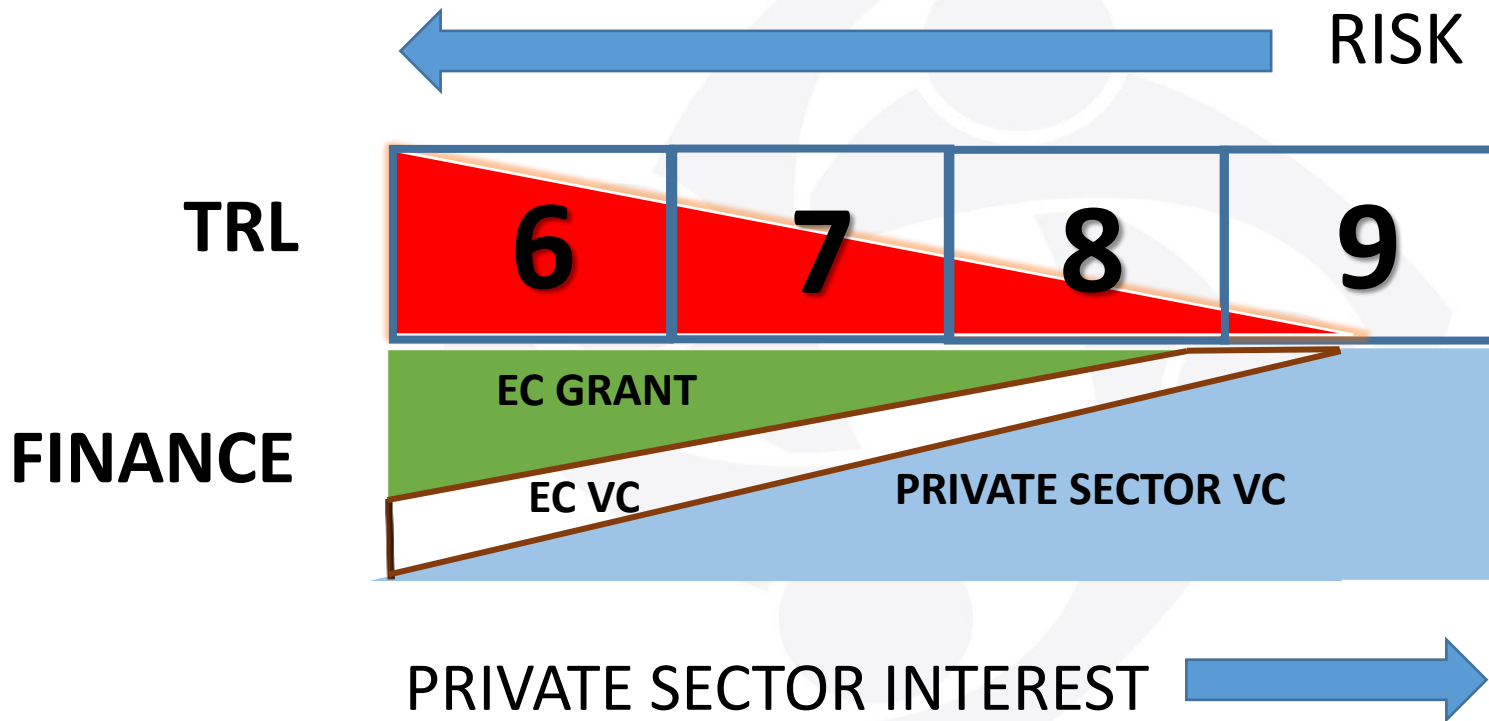

# ... to bridge the funding gap to commercialization...

- Lack of finance for young, innovative SMEs
- Equity-funding gap = €70bn
- High-risk capital needed to reach private investor stage
- *ACCELERATOR* bridges the gap in finance and risk-taking

# Blended Finance; Risk versus Finance

# Three Key Award Criteria...

**EXCELLENCE:** Potential beyond ‘State of the Art’?

**IMPACT:** Meets needs of European and global markets?

**IMPLEMENTATION:** Excellent plan; team; strategic fit?

# Our project is here to help ...

...so that is the broad picture on Horizon Europe, now let's take a closer look at how SMEs can apply for full **EIC Accelerator** support...

# HORIZON EUROPE

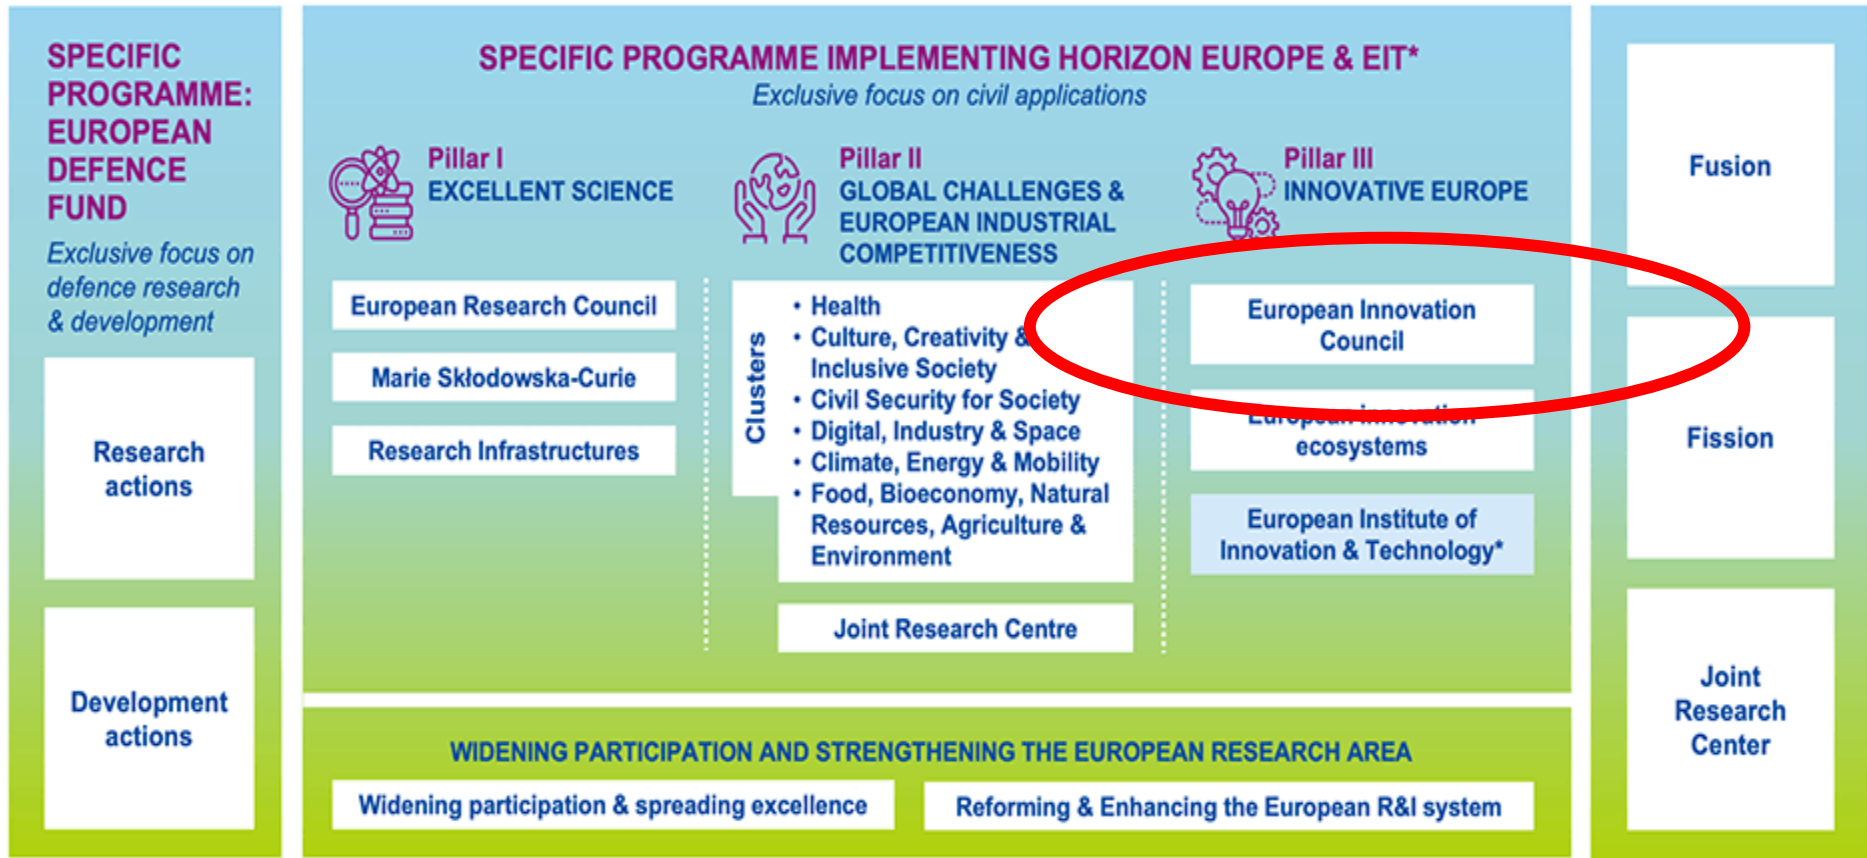

# EURATOM

\* The European Institute of Innovation & Technology (EIT) is not part of the Specific Programme

# HORIZON EUROPE

# EURATOM

\* The European Institute of Innovation & Technology (EIT) is not part of the Specific Programme

# European Innovation Council (EIC)

## Three main areas of support for SMEs

- **EIC Pathfinder**

Developing novel ideas for radically new technologies

- **EIC Transition Activities**

Transformation of research results into innovation

- **EIC Accelerator**

Deployment of innovation to market.

From deep-tech research to visionary innovation and scale-up to successful commercialisation

# Why should you apply?

- Helps to **scale-up high-impact** innovations with **potential to create new markets** or **disrupt existing ones**
- Build on scientific discovery or technological breakthroughs – **‘deep tech’**
- Need significant funding over a long timeframe before returns can be generated (**‘patient capital’**)

# Two types of Call

- **OPEN CALL** - Anytime
  - Innovations in any field of technology
  - Innovations that cut across different scientific, technical, sectoral and application fields – or represent novel combinations
- **CHALLENGE DRIVEN CALLS** – Specific dates
  - Based on EU priorities for transitioning to a green, digital and healthy society
  - Strategic relevance for 2021 cut-offs are
    - Strategic digital and health technologies
    - Green deal innovations for economic recovery

# What funding is available?

## Grant and Investment

If you need support for development (TRL 5/6 > 8), deployment and scale-up (TRL 9).

## Grant First

If your innovation still requires significant work to validate and demonstrate in relevant environments to assess the commercial potential.

## Grant Only

If you can prove that you have sufficient financial means for deployment and scale-up (TRL 9).

## Investment Only

If you are looking to fill the funding gap for rapid scale-up of your high-risk innovation and you don't need a grant.

# How much can you receive?

## Grant Component

- Maximum **EUR 2.5 million**
- Eligible costs reimbursed up to 70% max.
- Completion within 24 months
- Small mid-caps not eligible for grant (can apply for investment only)

## Investment Component

- Minimum **EUR 0.5 million** and maximum **EUR 15 million**
- Usually as direct- or quasi-equity
- Maximum 25% of voting shares of company
- 'Patient Capital' principle (7-10 years perspective on average)

# Accelerator 5 stage process

1

You have a disruptive/deep tech idea with potential to scale up  
**Submit short application** to be assessed by remote evaluators

2

If accepted, there is help to prepare a **Business Plan** and draft a  
**proposal with AI tool and coaching. Submit a full proposal**

3

Full proposal is assessed by **remote evaluators**

4

If accepted, the innovation project is **pitched** in front of **EIC Jury Members**. If selected you sign the **grant agreement**

5

For **investment component**, due diligence process is done, plus compliance checks. If successful, **Investment Agreement** signed

# Accelerator 5 stage process

1

You have a disruptive/deep tech idea with potential to scale up  
**Submit short application** to be assessed by remote evaluators

2

If accepted, there is help to prepare a **Business Plan** and draft a  
**proposal with AI tool and coaching. Submit a full proposal**

3

Full proposal is assessed by **remote evaluators**

5

For **investment component**, due diligence process is done, plus compliance checks. If successful, **Investment Agreement** signed

# Last Event: Short Application process

1

You have a disruptive/deep tech idea with potential to scale up  
**Submit short application** to be assessed by remote evaluators

- Short proposal (Application Form) - Respond to a set of questions on the **EIC AI-based platform**
- Submit a 10 slide pitch deck
- Submit a 3-minute video pitch

# This event: Full Proposal

1

You have a disruptive/deep tech idea with potential to scale up  
**Submit short application** to be assessed by remote evaluators

2

If accepted, there is help to prepare a **Business Plan** and draft a  
**proposal with AI tool and coaching. Submit a full proposal**

3

Full proposal is assessed by **remote evaluators**

4

If accepted, the innovation project is **pitched** in front of **EIC Jury Members**. If selected you sign the **grant agreement**

5

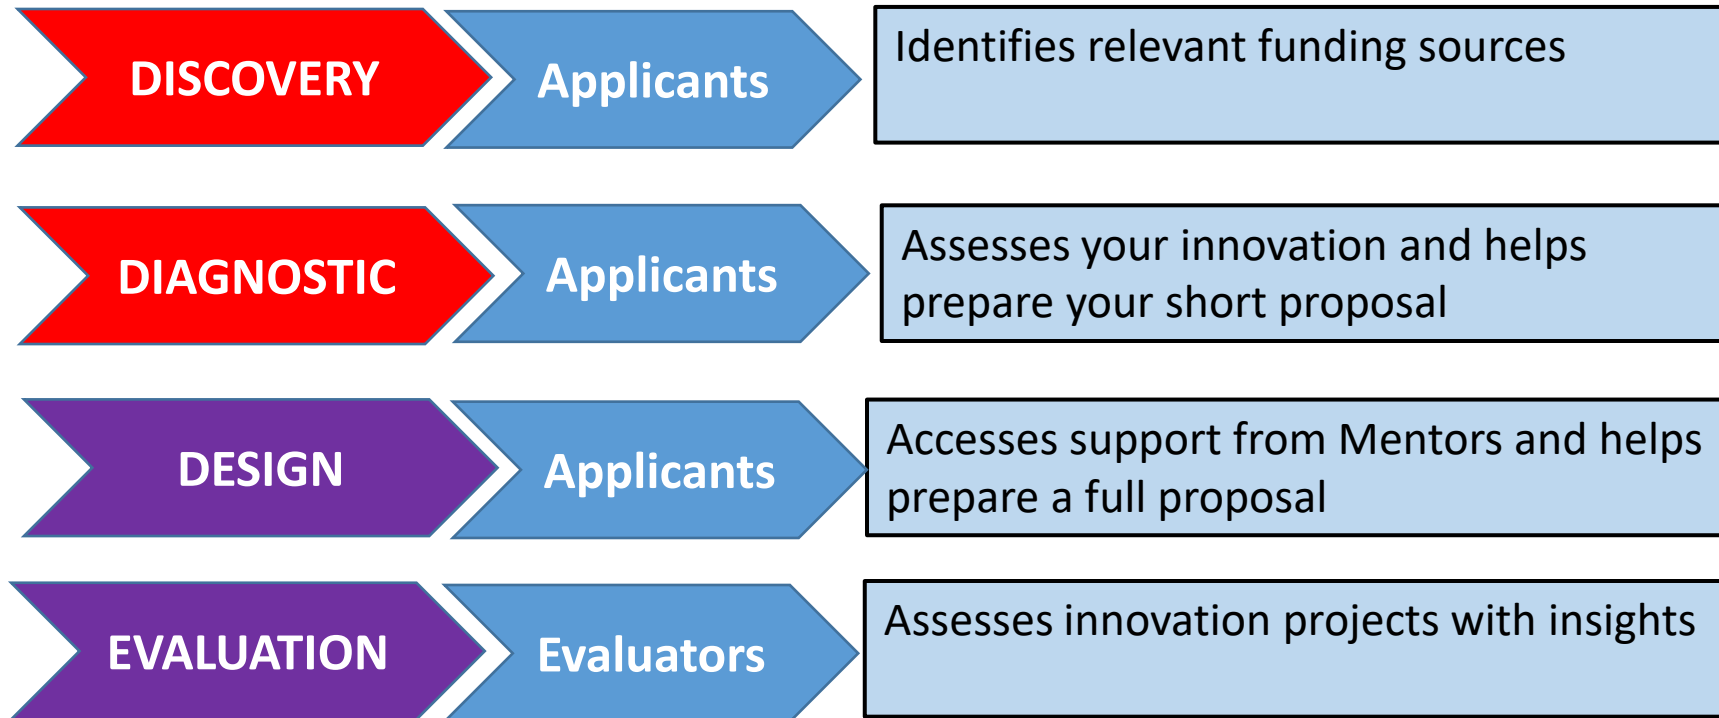

For **investment component**, due diligence process is done, plus compliance checks. If successful, **Investment Agreement** signed

# EIC AI-Based Platform

- [www.europa.ec](http://www.europa.ec)
- EC Funding & Tenders Portal
  - Horizon Europe
    - Pillar 3 – European Innovation Council
    - ‘EIC Accelerator Open’ 2021 – 3 levels
    - Start submission
  - EIC AI-based Platform;  
[www.accelerator.eisma.eu](http://www.accelerator.eisma.eu)
- EIC Work Programme 2021

# EIC AI-Based Platform: First Stage

# EIC AI-Based Platform: Second Stage

# Full Proposal...

- Must be prepared on AI- based platform
- Questions about TRL, work packages, need for EU support, security questions, etc.
- Includes methodology for Business Plan
- Automatic checks and feedback to guide through process
- Coaches will help – but proposal is your responsibility
- Information held in confidence, but you have option for EC to share with potential investors

# Full Proposal... EC expectations

- Full Business Plan
- Full information on:
  - Company's finances
  - Structure – management and ownership
  - Team details
  - Set of milestones so that EIC can manage your funding
- Responses around 'Impact', 'Excellence' and 'Implementation'
- IP situation
- Cross-checked for accuracy, consistency, etc.

# Successful first stage applications

- **Feedback from evaluators**
- **Business strategy/plan**
- **3 free days of remote coaching**
- **Submit full proposal within 12 months of response date of first application (11 months)**

# Successful first stage applications

- **Feedback from evaluators**
- **Business strategy/plan**
- **3 free days of remote coaching**
- **Submit full proposal within 12 months of response date of first application (11 months)**

# Feedback from Evaluators

Still to be clarified by EC

Likely to focus on:

- **Impact**
- **Excellence**
- **Implementation**

# Feedback from Evaluators

## Impact

- Convincing evidence of potential new or expanded markets
- Potential customer sector, base, scale
- Realistic view of market potential and how product/service will be able to scale up
- Strategic plan for commercialization
- European/global dimension
- Evidence of 'Freedom to Operate'

# Feedback from Evaluators

## Excellence

- High-risk, high potential idea
- Different to anything else on market
- Highly innovative – ideally disruptive
- Beyond ‘State-of-the-Art’
- Good understanding of risks associated with introduction to market
- Convincing outcome and criteria for success

# Feedback from Evaluators

## Implementation

- Evidence that funding cannot be leveraged from other sources
- Technical and business experience of the team – good balance and plan to acquire missing competences, if applicable
- Availability of human and physical resources - use of partnerships, other stakeholders, subcontractors
- Realistic and achievable timeframe and associated work packages – milestones, risks against ambitions, associated budgets

# Successful first stage applications

- Feedback from evaluators
- **Business strategy/plan**
- 3 free days of remote coaching
- Submit full proposal within 12 months of response date of first application (11 months)

# Business Strategy – Business Plan

Many companies lack a strategic view...

- Not fully aware of their potential – facilities, expertise, etc.
- Too easily satisfied with ‘more of the same’
- Little awareness of what the competition are doing until it is too late
- Short-sighted on customer needs, markets and what influences them
- Little investment in marketing, product development or R&D

# Business Strategy

- Rolling 5-year strategy suggested
- Each year, another year is added
- Gathers views of key people in business
- Discussions and consensus decisions on way forward
- Sets performance indicators each year
- Monitored and consensual changes made depending on circumstances
- More detailed Business Plan each year

# This may seem theoretical, but...

- Would you go on a journey without knowing **when** you are going, **where** you were starting from, your **destination**, or **how** you are going to get there?

So why run a business  
this way?

# Why do we need business plans?

Not just to satisfy Accelerator applications...

- So that you drive the business and the business doesn't drive you!
- For your own peace of mind
- For investors and Bankers
- To help provide focus for key employees

# Business planning...

- Should not simply be seen as a paper exercise to satisfy funding bodies
- Requires in-depth look at business, products, markets, resources
- Should be achievable
- Should be widely discussed to ensure buy-in
- Should be regularly re-visited and changed if necessary – monthly monitoring; quarterly review
- 5 year rolling plan with 1 year detailed plan is recommended

# A Business Plan answers 3 questions...

- **WHERE ARE YOU NOW?**

- What is your starting point; how has your business developed so far, what has it achieved, what has been the rate of growth?

- **WHERE ARE YOU GOING?**

- What is your vision for your business? What goals have you set to achieve this vision?

- **HOW WILL YOU GET THERE?**

- What strategy do you have to achieve the goals and vision? What is the timing for it all to happen?

# Typical Business Plan

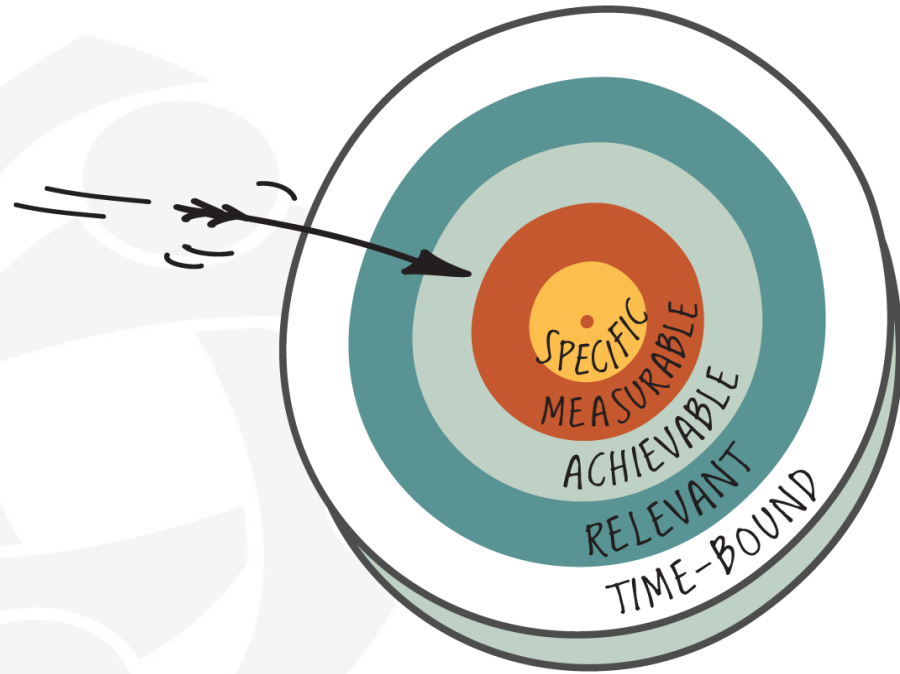

# Over 23 million references on Google!

## Business Planning Tools

# Check for **SMART** goals!

- **S**pecific
- **M**easurable
- **A**chievable
- **R**ealistic
- **T**ime-related

# Where does all this fit with my Accelerator proposal?

- It is fundamental to every section!
  - **Introduction** (where are you now?/where are you going?)
  - **Excellence** – your product versus competition in marketplace
  - **Impact** – on markets, customer acquisition
  - **Implementation** – fit of project/product with rest of business
  - **Supporting content**
    - Team composition and growth, physical resources, etc.
    - Finances – source and application of cash
    - Pitch deck – built on above content

# More information

Webinar 3 covered Business Planning in  
more detail...

[www.turkeyinh2020.eu](http://www.turkeyinh2020.eu)

# Successful first stage applications

- **Feedback from evaluators**
- **Business strategy/plan**
- **3 free days of remote coaching**
- **Submit full proposal within 12 months of response date of first application (11 months)**

# Coaching

- **What is the difference between consultancy and Mentoring?**
- **CONSULTANT** - Identifies problems and provides solutions.
  - Generally a defined exercise over a finite period – such as 5 days over 4 weeks
- **COACH** - Works with senior people in a business to identify their principal goals, understand their problems and challenges and helps them to identify their own solutions.
  - Typically, shorter sessions over a longer period – for example 6 half-day sessions over 3 months.

# Coaching

- Accelerator provides 3 days of remote coaching
- Free of charge to users
- Coaches are independent business experts with entrepreneurial and fund-raising backgrounds
- You can choose from a large pool managed by EIC Business Acceleration Services
- You remain responsible for the drafting of your proposal
- Only available on first application – not on resubmissions

# Evaluation – 5 to 6 weeks after submission

Evaluated remotely by 3 remote experts

- **Expert evaluators** have expertise in the area of technology and market application, based on the **keywords** provided
- **Evaluators** will look at **innovative nature** and **disruptive potential** of the innovation, its likely **impact** and the team proposed
- Each evaluator will give a **‘GO’** or **‘NO GO’** to the proposal
  - If all 3 evaluators give **‘GO’**, applicant will be invited to attend panel meeting
  - If 1 or more give **‘NO GO’**, application can be resubmitted once
  - If unsuccessful, no resubmission for 12 months – back to Stage 1

# Unsuccessful full proposals

- **First time rejected** – If jury see good potential - can resubmit once, to one of next 2 interviews
- **Rejected: criteria not met** – can resubmit once to second stage.
- **Meets ‘Excellence’ and ‘Impact’, but EC funding not justified** – Seal of Excellence awarded. Can re-submit once to second stage.
- **Second time rejected** – applicant will not be allowed to resubmit application for 12 months. Starts at Stage 1 again.

# Other types of Accelerator application

## Fast Track Scheme

- Only available for certain projects from EIC Pathfinder and Transition programmes; ERC Executive Agency; Knowledge and Innovation Communities (KICs); Eureka Secretariat for SMEs supported under Eurostars-2
- Projects are assessed by these bodies and entered at Stage 2 (full application)

## Plug-in Scheme

- Pilot initiative to be launched in 2022 where projects are assessed at national level and then enter Accelerator application process at Stage 2
