What's new in 2020 Call – Young Researchers

A dedicated focus towards promoting the **involvement of early stage researchers** (as per the MSCA definition²⁰) in the coordinating institution from the Widening country is expected. This should take the form of **a dedicated work package or task in the proposal** describing activities dedicated to early stage researchers from the coordinating institution that could include **training, mentoring and networking measures** within the Twinning exercise, with a special focus on the **promotion of gender equality** among early stage researchers.

What's new in 2020 Call – Proposal preparation, management and administration skills

That is why proposals should also focus on strengthening the research management and administration skills of the coordinating institution from the Widening country. This should take the form of a dedicated work package or task, placing emphasis to specific activities, in view of helping the staff of the coordinating institution to **improve their proposal preparation and project management/administration skills**. If not yet in place, **setting up/upgrading a research management/administration unit** within the coordinating institution would be beneficial. This will be achieved by fully utilising the experience and best practices of the internationally leading partners and is expected to be a **concrete deliverable of the Twinning exercise**.

What's new in 2020 Call – Financial issues

- While the action does not focus on **equipment and research costs, these could be accepted if they constitute only a minor part (up to 10%)** of the total Horizon 2020 funding requested and are **deemed necessary** to fulfil the action's specific scope and objective.
- The requested EU contribution shall not exceed a maximum of **EUR 0.9 million** for a period of up to 3 years.
- Total budget for 2020 **69 mEUR (it was 30 mEUR in 2018, more than 2x!)**
- **±76** proposals will be funded
