EU Funding & Tenders Portal

The entry point to EU funding

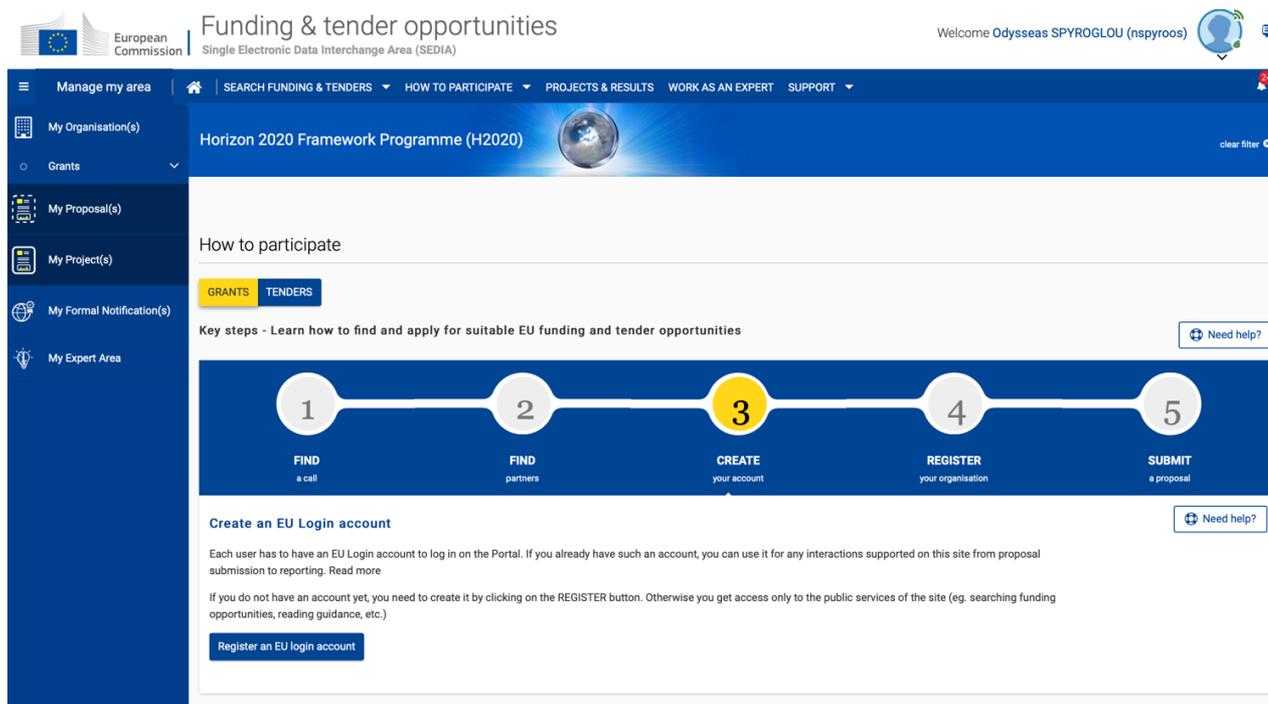

The screenshot shows the EU Funding & Tenders Portal interface. At the top, it says 'Funding & tender opportunities' and 'Single Electronic Data Interchange Area (SEDIA)'. The user is identified as 'Odysseas SPYROGLOU (nspyros)'. The main navigation bar includes 'Manage my area', 'SEARCH FUNDING & TENDERS', 'HOW TO PARTICIPATE', 'PROJECTS & RESULTS', 'WORK AS AN EXPERT', and 'SUPPORT'. A sidebar on the left lists 'My Organisation(s)', 'Grants', 'My Proposal(s)', 'My Project(s)', 'My Formal Notification(s)', and 'My Expert Area'. The main content area is titled 'Find calls for proposals and tenders' and features a search bar. Below the search bar, there is a section for 'EU Programmes' with a grid of program categories for the 'Programming period 2014-2020', including 3rd Health Programme (3HP), Asylum, Migration and Integration Fund (AMIF), Consumer Programme (CP), Creative Europe (CREA), Europe Direct (ED), European Defence Industrial Development Programme (EDIDP), EU Aid Volunteers Programme (EUAID), European Solidarity Corps (ESC), Erasmus+ Programme (EPLUS), and Europe For Citizens (EFC). A 'Show all (30)' button is visible. Below the grid, there is a section 'How to participate in 5 steps' with numbered steps: 1. Find an opportunity, 2. Find partner(s), 3. Create an account, 4. Register your organisation, and 5. Submit your proposal or offer. A 'Learn more' button is provided. On the right side, there are sections for 'News' (dated 29 Dec, 2020 and 04 Jan, 2021), 'Useful links' (Calls for tenders on Ted, Overview of all EU funding opportunities, Access to publications and data on OpenAire, Apply for EU loans & venture capital), and buttons for 'ERA corona platform', 'Brexit info', and 'Report fraud'.

EU Funding & Tenders Portal

Accounts and Registrations

The screenshot shows the 'Funding & tender opportunities' page on the EU Funding & Tenders Portal. The page is titled 'Horizon 2020 Framework Programme (H2020)'. A navigation menu on the left includes 'Manage my area', 'My Organisation(s)', 'Grants', 'My Proposal(s)', 'My Project(s)', 'My Formal Notification(s)', and 'My Expert Area'. The main content area features a 'How to participate' section with a progress bar showing five steps: 1. FIND a call, 2. FIND partners, 3. CREATE your account (highlighted), 4. REGISTER your organisation, and 5. SUBMIT a proposal. Below this, there is a section titled 'Create an EU Login account' with a 'Register an EU login account' button. The page also includes a search bar, a user profile 'Welcome Odysseas SPYROGLOU (nspyroos)', and a notification badge '249'.

EU Funding & Tenders Portal

Become an expert

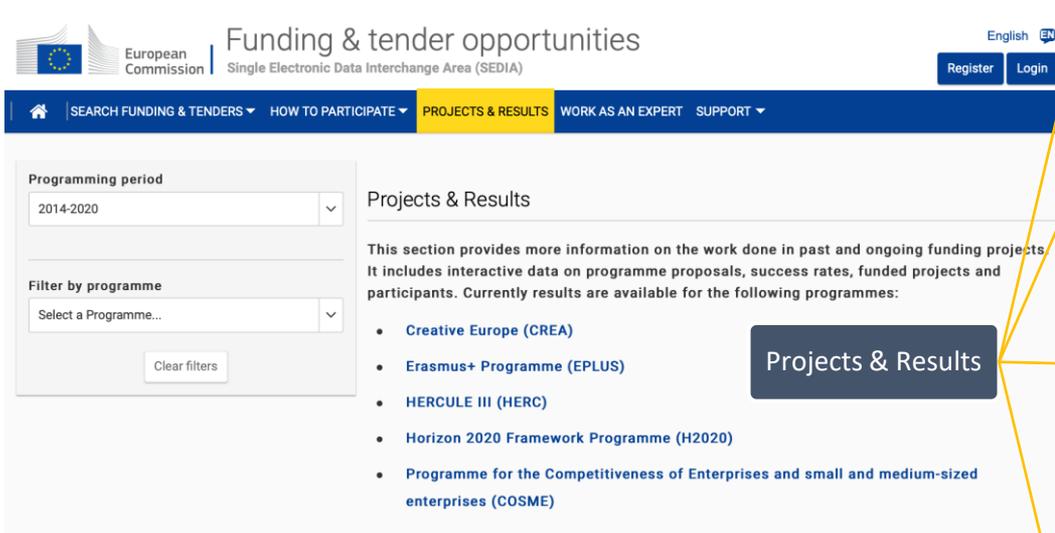

The screenshot shows the 'My Expert Area' of the EU Funding & Tenders Portal. At the top, it says 'Welcome Odysseas SPYROGLOU EX2012D130160'. A blue navigation sidebar on the left includes: Dashboard, Personal Data, CV, Bank Account, Contracts and Invitations, Payments, and Help. A yellow banner at the top of the main content area states: 'The Expert Registration, Legal Entity, Bank Account, Contracts and Payment functionalities in the Experts Area of the F&T Portal may not be accessible on Wednesday, 27.01.2021, between 12:00 - 14:00 CET due to the temporary unavailability of the EU login.' Below this is a banner with EU flags and the text 'Welcome Odysseas SPYROGLOU!'. A 'Your profile is 100% complete' message is displayed with a progress bar and a 'Delegations' button. The 'Active Tasks (0)' section shows 'You have no tasks at the moment'. Below are sections for 'Contracts and Invitations' and 'Payments', both showing 'You have no contracts or invitations at the moment.' and 'You have no payments at the moment.' respectively. The 'Profile' section contains a grid of 10 items, each with a checkmark: Personal data, CV, Expertise, Current Employment, Education, Languages, Data Protection (Who can see my profile), Publications, and Additional information.

External experts assist in evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

- Programme for the Competitiveness of Enterprises and small and medium-sized enterprises (COSME)

Cordis Portal (I)

EU Research Results

The screenshot shows the Cordis Portal website interface. At the top, there is a search bar and a language selector set to 'English'. Below the search bar is a navigation menu with options: HOME, RESULTS PACKS, RESEARCH*EU MAGAZINES, NEWS & EVENTS, PROJECTS & RESULTS, ABOUT US, and MY ACCOUNT. The main content area features a large article titled 'Frontier research for the Green Deal: Driving forward Europe's climate ambitions through innovation and transformation'. The article text states: 'With the European Green Deal, the European Commission aims for the EU to be completely carbon-neutral by 2050. This is an enormous ambition, and innovative frontier research supported by the European Research Council (ERC) will play a vital role in powering forward the cutting-edge research and technological development needed to achieve it. This CORDIS Results Pack highlights 15 ERC-funded projects that are playing their part in helping to achieve Europe's green and sustainable future.' A blue button labeled 'Read the CORDIS Results Pack' is overlaid on the article. On the left side of the page, there is a sidebar with categories: NEWS (Using ultrasound for healthier, longer-lasting juices and smoothies), RESULTS PACKS (Frontier research for the Green Deal: Driving forward Europe's climate ambitions through innovation and transformation), RESEARCH*EU MAGAZINES (Data protection: New technologies to protect privacy), RESULTS IN BRIEF (Innovative database simplifies study for scholars of Renaissance antiquarianism), and INTERVIEWS (Putting data privacy back into citizens' hands).

Cordis Portal (III)

EU Research Results

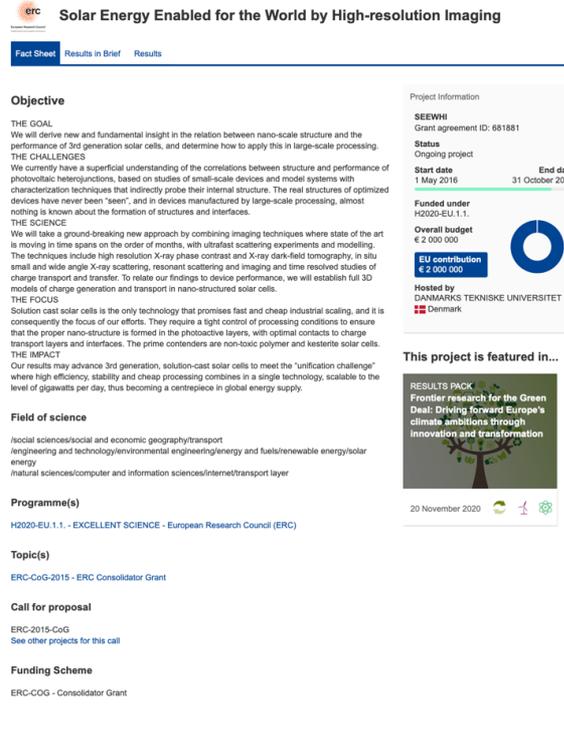

The screenshot shows the CORDIS portal search interface. At the top, there's a search bar with the text "CORDIS" and "EU research results". Below the search bar, there are navigation tabs: HOME, RESULTS PACKS, RESEARCH/EU MAGAZINES, NEWS & EVENTS, PROJECTS & RESULTS, and ABOUT US. There are also buttons for "Save search", "My saved searches", "Download search results", and "My booklet".

On the left side, there's a "Filters" sidebar with several sections:

- Collection:** Select all, Projects, Results Packs, Research/EU Magazines, Results in Brief, News, Events, Interviews, Report summaries, Project Deliverables, Project Publications, Exploitable Results, Programmes.
- Domain of Application:** (Dropdown menu)
- Field of Science:** (Dropdown menu)
- Programme:** (Dropdown menu)
- Topic ID:** (Text input field)

At the bottom of the sidebar, there's a "Show all filters" button and a "Search" button.

The screenshot shows a project fact sheet for "Solar Energy Enabled for the World by High-resolution Imaging".

Objective

THE GOAL: We will derive new and fundamental insight in the relation between nano-scale structure and the performance of 3rd generation solar cells, and determine how to apply this in large-scale processing.

THE CHALLENGES: We currently have a superficial understanding of the correlations between structure and performance of photovoltaic heterojunctions, based on studies of small-scale devices and model systems with characterization techniques that indirectly probe their internal structure. The real structures of optimized devices have never been "seen", and in devices manufactured by large-scale processing, almost nothing is known about the formation of structures and interfaces.

THE SCIENCE: We will take a ground-breaking new approach by combining imaging techniques where state of the art is moving in time spans on the order of months, with ultrafast scattering experiments and modelling. The techniques include high resolution X-ray phase contrast and X-ray dark-field tomography, in situ small and wide angle X-ray scattering, resonant scattering and imaging and time resolved studies of charge transport and transfer. To relate our findings to device performance, we will establish full 3D models of charge generation and transport in nano-structured solar cells.

THE FOCUS: Solution cast solar cells is the only technology that promises fast and cheap industrial scaling, and it is consequently the focus of our efforts. They require a tight control of processing conditions to ensure that the proper nano-structure is formed in the photovoltaic layers, with optimal contacts to charge transport layers and interfaces. The prime contenders are non-toxic polymer and kesterite solar cells.

THE IMPACT: Our results may advance 3rd generation, solution-cast solar cells to meet the "unification challenge" where high efficiency, stability and cheap processing combines in a single technology, scalable to the level of gigawatts per day, thus becoming a centrepiece in global energy supply.

Horizon Results Platform (I)

An organised database of project results

The screenshot shows the 'Funding & tender opportunities' page on the European Commission's SEDIA platform. The page includes a search bar, navigation menu, and filter options. The main content area displays a search result for 'Project result search (110)'. The filters applied are 'Looking for: Loans' and 'Looking for: Other blended financing'. The search result is for the project 'COVID and Respiratory Failure' (PREPARE - Preventing Respiratory Events through Proactive Assessment of Respiratory Effort). The project details include a list of needs: 'To raise awareness and possibly influence policy', 'Loans', and 'Other blended financing'. It also shows '1 contributor' and 'Public health' as a sector. The project is associated with Sustainable Development Goals 3 (Good Health and Well-being) and 9 (Industry, Innovation and Infrastructure).

- Introduced in 2019
- Aims to make project results more accessible

Horizon Dashboard

A collection of tools and databases

The screenshot shows the Horizon Dashboard interface. At the top, there is a header with the text 'HORIZON DASHBOARD' and a decorative background of colorful data bars and a globe. Below the header, there are several sections:

- Implementation figures**: Horizon 2020 proposals, FP7 and H2020 funded projects. This section presents an overview on evaluated proposals (incl. success rates) and detailed statistics and data on funded projects and their participants, broken down by countries and regions, research domain/programme part, organisation type, etc. It includes buttons for 'H2020 Proposals', 'H2020 Funded Projects', and 'FP7 Funded Projects'.
- Country Profiles**: Horizon 2020. Find out more about country-specific performance in Horizon 2020: funding received, participations by region, top beneficiaries, collaboration with other countries, SME participation and more - all the information at your fingertips! It includes a 'Country Profiles' button. A note mentions that Country Summary fiches and success stories are also available on the Europa website.
- Organisation Profile**: Horizon 2020 and FP7. Find out more about the performance of an organisation participating in FP7 or Horizon 2020: its projects, the amount of EU funds received, its collaborations. It includes an 'Organisation Profile' button.
- Project Results**: Horizon 2020 and FP7. This section presents information on results of funded projects, notably Intellectual Property Rights (IPRs) and scientific publications. It includes a 'FP7 and H2020 Project Results (IPRs and Publications)' button.
- Specific aspects**: Horizon 2020. This section provides views on specific policy priorities:
 - The European Innovation Council (EIC) pilot** supports top-class innovators, entrepreneurs, small companies and scientists with bright ideas and the ambition to scale up internationally. This view provides a consolidated overview on the parts of Horizon 2020 forming the EIC pilot. It includes a 'European Innovation Council Pilot (EIC)' button.
 - The Seal of Excellence** is a quality label awarded to project proposals, which were evaluated to deserve funding but did not receive it due to the budgetary constraints. This view provides data on the awarded seals of excellence under the SME instrument, MSCA-IF and special COVID-19 response seal of excellence. It includes a 'Seal of Excellence (SME Instrument)' button.
