Camilo JIMENEZ
Paris Climate Agency
camilo.jimenez@apc-paris.com

Description of the Organization

- **The Paris Climat Agency (APC)** is an independent, non-profit organisation, created on the initiative of the City of Paris to facilitate the implementation of the Paris Climate Plan. APC leads projects related to most prominent adaptation topics for urban areas such as heat waves, water management, urban greening, nature-based solutions, cooling materials, climate data modelling, etc.
- **European Projects:**
 - ACE-Retrofitting: Accelerating Condominium Energy Retrofitting / Interreg NW Europe
 - URBAN LEARNING: Improving governance structures for integrative energy planning in urban areas

Description of your research interest

- Tools and initiatives to help raise awareness and engage citizens in climate change and ecological transition
- Animation and mobilization of local actors
- Climate change adaptation strategies (resilience)
- Neighborhood experimentation for the implementation of the Paris Climate Plan

Project Idea

- **Interested Call Topic in the mission : HORIZON-MISS-2021-CLIMA-02-05 Local engagement of citizens in the co-creation of societal transformational change for climate resilience**
- **Additional HE calls:**
 - **D4-01-01:** Demand response in energy-efficient residential buildings
 - **D4-01-02:** Renewable-intensive, energy positive homes
 - **D4-01-03:** Smarter building for better energy performance
 - **D4-02-01:** Designs, materials and solutions to improve resilience, preparedness & responsiveness of the built environment for climate adaptation (Built4People)
 - **D4-02-02:** Solutions for the sustainable, resilient, inclusive, and accessible regeneration of neighbourhoods enabling low carbon footprint lifestyles and businesses (Built4People)
 - **D4-02-04:** Smart-grid ready and smart-network ready buildings, acting as active utility nodes (Built4People)
