The European Commission's Joint Research Centre (JRC) and Directorate-General for Education, Youth, Sport and Culture (DG EAC) are organising a pilot [science and policy matchmaking event](#). It is part of the Science-Policy initiative to bring researchers and policymakers closer for stronger evidence-based policymaking.

The event will focus on the opportunities under the Marie Skłodowska-Curie Actions (MSCA) for linking researchers and policymakers - specifically on non-academic placements in [MSCA Postdoctoral Fellowships](#).

The event is for:

- Researchers planning to apply for Postdoctoral Fellowships under the next call (opening in mid-May and closing in mid-September 2022) and looking for a (policy) placement
- Policymakers interested to host a researcher for scientific support, advice and knowledge exchange for a 6-month period

This matchmaking event will provide Postdoctoral Fellowships applicants with an opportunity to hear testimonials from fellow researchers and host organisations in MSCA, and to network with potential hosts based on scientific areas and type of policy work.

WORK AS AN EXPERT

SUPPORT

Work as an expert

The European Union Institutions appoint external experts to assist in the evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

In particular, experts assist in:

- **Evaluation** of proposals, prize applications and tenders
- **Monitoring** of actions, grant agreements, public procurement contracts

In addition, experts provide opinion and advise on:

- **Preparation, implementation and evaluation of EU programmes and design of policies.**

In order to select experts, the European Union Institutions publish regularly calls for expression of interest (see list below) detailing the selection criteria, the required expertise, the description of the tasks, their duration and the conditions of remuneration.

Interested? Please join the database of external experts!

Welcome to EURAXESS in Türkiye

EURAXESS is a platform for researchers, entrepreneurs, universities and businesses to interact with each other and a joint initiative of the European Commission with the 40 countries participating in the European Union's Horizon 2020 Programme for Research. Türkiye is one of them.

We provide information and assistance to researchers via this portal and with the support of our national *EURAXESS Centres*. The Service Centres in TÜRKİYE help researchers and their family to plan and organize their move to TÜRKİYE, and assist with all matters related to mobility.

Researchers coming to TÜRKİYE can use this portal to get practical information concerning professional and daily life, as well as information on research jobs and funding opportunities in TÜRKİYE.

Researchers leaving TÜRKİYE can use this portal to get information about funding opportunities in TÜRKİYE and can also check their destination countries' *EURAXESS portals* to get information about their opportunities.

Based at "The Scientific and Technological Research Council of Türkiye - TÜBİTAK" with Service Centers in Ankara, İstanbul and İzmir, EURAXESS TÜRKİYE provides free of charge services to all researchers.

Turkey

EURAXESS Türkiye Network

EURAXESS Türkiye Network is part of the European EURAXESS-Researchers in Motion Portal, a joint initiative of the European Commission and 40 partner countries.

Its purpose is to guide and assist researchers who plan to make research visits or to move to Türkiye, through practical information and links to relevant organisations and on-line resources.
